

NSAI Song Consent Form

NSAI thanks you for participating in our programs and services. We are one of the few organizations that take time to listen and evaluate your songs. Due to legal considerations, we require you to sign a consent form any time NSAI hears your song (whether it be through the Song Evaluation Service, Pitch-to-Publisher Night, Feedback Night, One-on-One Counseling or any one of NSAI's special events and services).

Your submission of a song (whether lyric or instrumental only or music and lyrics) for feedback by NSAI constitutes your agreement to release, indemnify and hold harmless NSAI and its employees, board of directors, officers, attorneys, agents and representatives from and against any claim, including, without limitation, of copyright infringement or other misappropriation, arising from any acts or omissions in connection with your submission.
